

The perfect promotion platform.

M425

Verifone’s newest member of multilane devices, the M425 is flexible enough to support many use cases - indoor attended, integrated or semi-integrated, WiFi, Ethernet, or USB. The vibrant display is perfect for promoting your brand, showcasing seasonal promotions, encouraging loyalty, and even training team members. Expand your eCommerce capabilities by accepting Advanced Payment Methods like PayPal or Klarna, providing your customers the convenience of buy online return in store, and more. Backward compatible and forward thinking, the M425 utilizes the same cabling and mounting stands as our M440 and M424 devices making field replacements smooth while saving you valuable time and money.

- Perfect for integrated or semi-integrated use cases
- Three SAM slots to support multiple bank payment
- Android or Engage OS
- Cables and stands are backward compatible with M440 and M424 cabling/stands
- Add powerful eCommerce solutions with Verifone Cloud Services including APMs, Device Management, Gateways and more.
