

Made to move.

V640M

The Verifone V640m is the perfect device for accepting payments in mobile environments like taxis and customer-convenient curbside solutions for hospitality, grocery and delivery. The V640m connects to your POS via WiFi or 4G LTE and, with a high-capacity lithium-ion battery, easily keeps up with traffic. Grow your customer base and your business with the ability to add third-party applications like booking a ride or joining a loyalty program. Designed to withstand the elements, this rugged device keeps going indoors or out, rain or shine.

- 4.3” Capacitive color touch screen
- Verifone’s proprietary Navigator solution for the visually impaired
- 5MP camera ideal for scanning and accepting Advanced Payment Methods
- Rubber molding provides water ingress protection and a textured non-slip grip
- Single or multi-unit chargers keep your devices ready at a moment’s notice
- Verifone’s locked down version of Android based on Android 10.x
- Utilizes the power of Verifone Cloud Services for further customization and to add revenue building streams like eCommerce, Pay by Link, Advanced Payment Methods, and more.
