

The compact, connected card reader

Verifone Victa Reader

The Verifone Victa Reader is the ideal counterpart to the Verifone Tap offering, providing partners and enterprise merchants with a flexible, user friendly and secure method to accept payments. Combine the Verifone Victa Reader with any COTS mobile device or tablet to enable merchants to expand payment acceptance beyond contactless - supporting chip-and-pin as well as magnetic stripe transactions. Designed with simplicity and convenience in mind, the Verifone Victa Reader pairs effortlessly with mobile devices and tablets transforming them into a powerful point-of-sale system providing flexibility and mobility.

- Bluetooth® Low Energy and MFi-Certified
- Effortless pairing to Android or iOS devices
- Flexible by design, the Verifone Reader can also connect to an ECR or POS
- Small footprint at only 68mmx76mmx18mm
- LED indicators provide visual status on charging/low battery status, payment activity and pairing activity
- Accepts NFC/CTLS, EMV, and MSR payment types
- PCI6.x compliant, ensuring secure payment acceptance.
