

Hi,  
 We would like to inform you of an important change affecting your use of our services.

As part of our efforts to improve performance and availability and further strengthen our systems and services, we will be changing our technical supplier. This decision is based on ensuring the best possible performance and technical support for our customers. In addition, we will perform a migration of our data center. This will ensure greater stability and efficiency in our services.

**Actions to be taken:**

If you use a firewall on your network, we kindly ask you to make sure that the below IP addresses are open to ensure an uninterrupted connection to our services during this transition period.

All traffic is always initiated as outbound traffic originating from the terminal. We recommend that you work with your IT department or supplier to implement these necessary actions before the specified transition period.

**Timeframe:**

We understand the importance of a seamless transition and will strive to minimize the impact on your operations. To make this possible, you are hereby requested to open your firewall for the specified IP addresses immediately. The last date by which the opening must be done is **May 24<sup>th</sup>, 2024**. We will keep you informed of any updates or changes to the schedule.

We appreciate your understanding and cooperation during this transition period. Our top priority is to ensure that you continue to receive high quality and reliable services from Verifone.

Please do not hesitate to contact our technical support (tel: 0047 23 24 74 00, option 2) if you have any questions or need further assistance. Thank you for your continued trust and cooperation.

With kind regards, Verifone
